

PRIYA CHAUHAN

Career Objective

Skilled in **Java, JavaScript, ReactJS, Node.js, MongoDB**, and **data structures**, I enjoy working on innovative projects and collaborating with teams. Dedicated to learning and improving, I aim to contribute effectively to impactful solutions. With a strong problem-solving mindset, I focus on writing clean and efficient code. Motivated to stay updated with emerging technologies and industry trends.

Technical Skills

- Java
- JavaScript
- Reactjs
- Nodejs
- MongoDB
- Data Structures and Algorithms

Interpersonal Skills

- Adaptability
- Leadership
- Quick Learner
- Time Management

Projects

Crypto Price Tracking App (HTML, CSS, Reactjs, APIs)

- Application to display crypto data, including market rank, price, and market cap with currency conversion.
- Integrated historical growth charts and detailed insights for individual cryptocurrencies.
- Implemented real-time data updates and created an intuitive, user-friendly interface.

Text-to-Image Generator SAAS App (MERN)

- Created a Text-to-Image Generator AI SaaS app that transforms text into images with high accuracy.
- Integrated payment processing, user authentication (sign-in and sign-up) for a seamless experience.
- Developed a user-friendly platform to generate custom images from text inputs, enhancing creativity and accessibility.

Education

Bachelor in Engineering: **Computer Science** (2022-2026)
Chandigarh University, Mohali

CGPA-**8.38**

Intermediate: **Physics, Chemistry and Math** (2022)
Kendriya Vidyalaya, Bhubaneswar

Percentage-**92%**

Matriculation (2020)
Kendriya Vidyalaya, Bhubaneswar

Percentage-**86.6%**

Achievements

- Regional Badminton Player – Silver Medal
- Science Olympiad – Silver Medal
- Block-level Quizathon – First Position

Hobbies

- Cooking
- Chess
- Badminton

Certifications

- Team Skills (LinkedIn Learning)
- Java Programming and Software Engineering Fundamentals Specialization (Coursera)
- MERN Stack Front to Back: Full Stack React, Redux & Node.js Specialization (Coursera)
